PROFILE SUMMARY

A passionate Junior Software Developer dedicated to building dynamic and visually engaging user interfaces. I leverage modern technologies like ReactJS, AngularJS, and Laravel(PHP) to write clean, efficient, and maintainable code. With a strong problem-solving mindset and a keen eye for detail, I thrive on transforming complex ideas into seamless, user-centric web applications. Deeply passionate about continuous learning, I am constantly exploring new technologies and best practices to build impactful, high-performance solutions and contribute effectively to a forward-thinking team.

WORK EXPERIENCE

Pulego Technologies   **Pretoria, Gauteng**
Junior Software Developer   *Jun 2024 - Present*

- Collaborate with cross-functional teams to design, develop, and deploy software solutions aligned with client requirements.
- Analyze and translate client needs into detailed functional and technical specifications for seamless implementation.
- Develop and maintain scalable applications using modern technologies, ensuring high-quality, on-time delivery.
- Debug and troubleshoot issues to optimize performance, usability, and functionality of software products.

PROJECT EXPERIENCE

Pulego Technologies   **Pretoria, Gauteng**
Membership Portal   *Jun 2024 - Sep 2024*

- Designed responsive UIs for both admin and public users, ensuring seamless navigation and role-specific functionality with Laravel Blade and Tailwind CSS.
- Engineered a full-stack membership system using Laravel (PHP) and MySQL, enabling secure user registration, renewals, and account management.
- Built a dual-interface solution - admin dashboard and public portal.

Pulego Technologies   **Pretoria, Gauteng**
Co-City Dashboard   *Jun 2024 - Dec 2024*

- Developed a dynamic dashboard using Angular for real-time data visualization and user interaction.
- Integrated LoopBack to create scalable APIs, enabling efficient data fetching and CRUD operations.
- Enhanced performance by optimizing API calls and implementing caching strategies

SAECDTU Membership Portal   **Pretoria, Gauteng**
Membership Portal   *Jun 2025 - Jul 2025*

- Designed responsive UIs for both admin and public users, ensuring seamless navigation and role-specific functionality with Laravel Blade and Tailwind CSS.
- Engineered a full-stack membership system using Laravel (PHP) and MySQL, enabling secure user registration, renewals, and account management.
- Built a dual-interface solution - admin dashboard and public portal.

EDUCATION

University of Johannesburg   **Johannesburg, Gauteng**
Diploma in Business Information Technology   *Graduation Date: Dec 2023*

University of South Africa   **Pretoria, Gauteng**
Higher Certificate of Physical Sciences   *Graduation Date: Mar 2021*

Pretoria Central High School   **Pretoria, Gauteng**

HARD SKILLS

- Web Development (ReactJS, AngularJS, Laravel(PHP))
- Git Version Control (Github)
- Back-End Development (ExpressJS, Node.js, LoopBack)
- Database Admin (MongoDB, Firebase)

SOFT SKILLS

- Problem-solving
- Teamwork & Collaboration
- Attention to Detail
- Adaptability & Flexibility
- Communication

LANGUAGES & FRAMEWORKS

- HTML5
- CSS3
- Javascript
- ReactJS
- AngularJS
- MongoDB
- Laravel(PHP)
- MySQL

HACKATHONS

- Hack For Earth Healthcare Hackathon (2022)
- EPF Foundation Education Hackathon (2022)
